

Fiesta for life

Right to Life Banquet of 2011

Thursday, October 6th

Guest Speaker

Marlene Elwell

Marlene is the recipient of the Life Achievement Award. She began her prolife journey as a young mother of 5 in 1972, by helping to defeat Proposal B, proposition of legalize abortion in Michigan. She has done just about everything in the right to life movement from licking stamps to helping run the presidential campaigns of prolife candidates, including President Ronald Reagan and President Bush in 1988. One of her many accomplishments include helping get a prolife plank in the Republican Party platform, which still remains today. Come listen to her interesting story and enjoy the dinner.
